“ Kathleen & I were friends in school when we were much younger. I am so very sorry for the family's loss. I remember her as a great person, fun to be around and enjoy. She & her family invited me to join them a few weekends on the Ohio river. I remember when she woke me up bright & early one morning when she & her Dad heard the Delta Queen going down the river. That was definitely a day that I've remembered for years because she talked me into learning for the 1st time how to water ski in the wakes of the Delta Queen – I was scared to death – but I did it!

At the time, Eleanor must have been in competition with the KY Fried Colonel because she had his secret recipe for fried chicken down pat. Kathleen & I would sit there and try to figure out what the spices were that she put in the recipe. It was delicious and I don't believe we ever figured it out.

Kathleen was a great person then as I'm sure she was through life. Again, so sorry for your loss.

Sincerely,

Judy Morrison Hunter
