“ Hope y'all are taking care of each other and remembering all the stuff she did for you and everyone else. I remember her making clothes for me And linda and making that fruit cocktail cake for special occasions. She could be really funny when she wanted to be. Love y'all and take care of each other. Love to uncle George.

“ Oh Mamaw, I wasn't prepared for this. You of all people taught me not to be selfish, but here I am full of regrets and wishing I had one more minute to share my feelings with you. I have no other option but to send my love through prayer now, so please tell God to keep his ears open. There are so many things I need to thank you for, like all those meatloafs and cookies, the birthday cards, the many prayers and for you just being you. Save me a seat, cause I'll be there some day. Vinton sends his love too. I miss you so much.

“ she was the best cook and seamstress i ever knew and was very quick and sufficient at what she did. she loved life and helping who and when ever she could. she was a great teacher and taught what she could to who ever was willing to learn. she taught me everything she knew and could over the years. i will miss being able to call her at any time for a receipe. she could tell you any receipe off the top of her head, i know, i use to call her alot when i could not find what i needed. she also taught me alot of things about sewing and about life. she also collected alot of pictures over the years. we use to sit and look at them all the time. i guess that is where my mom and i got that from. i will miss her dearly as will so many others. I LOVE YOU MAMAW!!!!!!
