“ I had the pleasure of working with Larry for 4 years, starting in 1976. He was always even-tempered and soft-spoken, and very kind. After I was laid off for a few years, I worked with him again the 90s and early 2000s. I remember an incident when it was below freezing and my car wouldn't start, and he used jumper cables to help me get my car started. In 2003 I worked with his (future) wife at Delco, and told her I knew a nice guy she should try dating and that she wouldn't go wrong dating him. In 2005 I heard they got married, and I know they had many happy years together. My condolences to the Hoover family.

“ My favorite memory is watching Larry and Nancy hold hands as they came across the parking lot to church on Sunday. He always had a smile on his face and it was a great blessing to worship our Heavenly Father together. He will be greatly missed.
