“ Bonnie was a very kind and caring grandmother. I will miss her very much. She cared so much more about others than she did herself. Even with MS she lived life to the best of her abilities everyday.

“ I did not have the good fortune to meet Bonnie during her stay here on earth. But I received frequent reports from my Aunt Hilda Humphrey on her status. Both my Mom and sister have MS, albeit not with the severity of Bonnie's. I did encounter Bonnie's husband, Dan, from time to time on the golf course when I made infrequent visits to Anderson. I marveled at what a positive attitude Bonnie held about life in spite of being bed-ridden with MS. She must have had an unshakable faith in God. What a fantastic example of what the Lord can do in our lives. In spite of not having met her I certainly admired her pluck and courage to live life with a positive outlook in spite of her debilitating malady. I was very saddened to hear of her passing. She certainly left a wonderful legacy to her family. But she is free at last from disease in her home with The Father. My sincerest condolences to her family. She was a remarkable lady.

“ Bonnie and I have been good friends for 50 years. I really will miss her and Thank God for the privilege of knowing her. Find comfort in the fact she is walking with Dan now in beautiful surroundings and not confined in those four walls.

“ Thank you all for your kind thoughts. Bonnie had so many wonderful friends like Hilda, who were always there for her. We all enjoyed her wity and alert company so much. I never left my Mothers house without a greater appreciation of every effortless step I was able to take. She was not just a mother to me, but truely one of my best friends. She never complained, ALWAYS forgave, and never stopped loving her family and friends. It was an honor to serve her in her time of need and though I miss her dearly, I beam with pride that I was so BLESSED to be able to call her "Mom".
