“ Rusty was a friend and fellow tradesman with me at both Delco & Saturn. I was a Vibration Analysis at Delco, Rusty was also an analyst in Plt. 3 at that time. -- I worked with his father, Mo in Plt. 16 many years and didn't know he was Rusty's father until we were at Saturn. Rusty always talked about retirement and moving to Vegas to be near his sister. I am so sorry to here of Rusty's passing. -- It gives me comfort knowing that Rusty finally got to work on trains, he just loved them. "A fellow tradesman", Larry Riley
