“*Dr. Lewis Baltzell served as Chair of the Department of Chiropractic Technique at Lincoln Chiropractic College during my time as a student in the late 1960s. He was a man of exceptional intellect, a gifted educator, and a truly admirable human being. I was consistently impressed by his remarkable ability to recall the names and journeys of students who had passed through Lincoln’s halls over the years—a reflection of both his memory and his genuine care for those he taught.*

Dr. Baltzell’s teaching style was distinguished not only by its clarity and rigor, but also by his sharp, often unexpected humor—an effective and endearing way of keeping our attention in class. His methods in the chiropractic technique course were nothing short of exemplary, and they left a lasting impression on all who had the privilege to learn from him.

I hold warm and enduring memories of Dr. Baltzell and of my formative years at Lincoln. May he rest in peace.

“*Dear Diana & Gary, We go back along way watching both of you grow up and now have families of your own. We're sure your parents enjoyed watching you and your families grow. We will always remember the good times we had as your neighbors. Lew would almost break my back as he worked on me at his office, Ha! Enjoyed bowling with your mother, had alot of fun. Jeff was just with us yesterday and says hello to you. Blessings to the whole family, take care, Bob & Mary Ellen White, your old neighbors!*

“ Gary and Diana, I was saddened to read about the death of your dad in this morning's paper. My siblings and I love to reminisce about our growing up days in Chapel Hill. All of our parents made it the idyllic neighborhood that it was. Your dad was always so nice to me and I'll never forget when I called him to come check on my dad, who was flat on the floor with a back problem! Please know the Harris family all send their condolences. With love and sympathy,

“ Diana & family, I've missed your dad so much these last 22 years. He had been my chiropractor for 30 years prior. If he could see me now, he'd ask, "Are you getting fat?" He tried to keep me in line! Even though my back might be hurting, it was always an uplifting office visit. You will have a joyful reunion in Heaven. May God's loving arms give you comfort till then.

“ Dear Diana, I was visiting my parents yesterday in Indianapolis with my sons, and learned of your father's passing. I have very fond memories of being your neighbor when I was young, and how he was always so upbeat. I am pretty sure there are some home movies taken by him with me on my hoppity horse on the back patio of your home in Chapel Hill about 40 years ago! I would visit Dr. Baltzell as a patient several times during high school right before track meets at his office on Rockville Road. Mom and Dad Bob and Mary Ellen White were so fond of him and his sense of humor! I recall in the past ten years having several conversations with him while he would be walking in Chapel Hill and I would be on a run in the neighborhood while visiting my parents. He was very encouraging to me when I was in the thick of optometry school. My prayers and thoughts are with you and your family. You are blessed to have him as a father. May you treasure memories, knowing we will see him again.
