“ I will always think of Mom as more than just mom, she was my best friend, the one I could go to when Donny wasn't home, my rock when it seemed I had nowhere else to turn. My world evolved around my mom, dad, kids and husband, and now part of that is gone. There will not be a day that goes by that I will not think of her and miss her terribly. I know that she will always be with us, in our hearts, and that she is now where she can watch over us all. There will never be anybody else like her, but I hope that one day, I will feel like I have spread as much love as she did, and will be loved as much as she was.
