“ Becky and family, I too work for Stanley and remember all of the very pleasant conversations I had with Lois on the phone. She had the ability to brighten my day with her wonderful optimism! She had such a great ability to make sure we were all very well taken care of before ending our conversation. My thoughts and prayers are with you all in this time of loss!

“ *Becky and Family,
I've known and worked with (from long distance) Lois for many many years, as an employee of BEST and then Stanley. I can still hear her jolly chuckle in my fond memories. When visiting the factory, I always sought her out to simply say hello and, one more time, match that smile with the chuckle. I pray that God's peace and presence be with you all in this difficult time.*

“ Becky,

I am so sorry for your loss! It has been almost 2 years since my mom went to be with Jesus and at times it is hard because I really miss seeing her. But then I remember that just like in this life, she went before me and is helping get heaven ready for her "little angel" someday! I know your momma is doing the same for you! I always loved talking to your mom and I am so glad I got the opportunity to meet and work with her on the SAP project. Right now your mom is arguing with Jesus about NASCAR because we all know that Jesus loves the #24 (HA) and your mom is sharing just how great Tony Stewart is!
