“ Dear Mike, I had the pleasure of meeting your dad a few years ago while Jimmie and I were spending time in Indiana. I remember thinking at the time what a very kind and thoughtful person he was and it was very obvious how much pride he had in his family and how much he loved all of you. I know how terribly hard this is for you and your family...I pray that you find strength in each other and remember his love will be with you always. My deepest sympathy to you and your family.

“ Lynda, Mike, Matt, and Family I only had the privilege of knowing Mahlon for a few years. We had so many things in common, our love for our families, our medical issues, and our love for motorcycles. Anytime I ever asked for his advice or help, he was always there. His wisdom and knowledge were endless. I know what a void this is going to bring to your lives. My thoughts and prayers are with you all. Time will help heal the pain but you will never forget the memories. May God bless you all and give you strength always.

“ Mahlon was my only brother and I will miss him dearly. Though our lives together here on earth were short we shared many good memories and I will treasure those for the remainder of my life. Thankfully we live our lives with the hope of an eternal life beyond the grave so I know that I am but temporarily separated from my brother and that we will again be together in a better place. God rest you Mahlon and hold you in his arms until the time we see one another again. I didn't tell you often enough in life how much I love you. Michael
