“ Just thinking about my brother, really miss him. Randy was always finding the humor in anything possible there was to laugh at in a conversation or situation. He loved to laugh and his laugh was so contagious! I see so much of my brother Randy in our son, Parker. His mannerisms, his sense of humor and even his skilled trade. Parker works with metal like Randy did in his occupation. I will see Randy again in heaven, I know, because he had a saving faith in our Lord Jesus. He confirmed this with me just before he passed from this world.

“ I worked with Randy for about 10ish years. I enjoyed making him laugh. One time I got him going till the coffee he was drinking came out his nose. The thing he most spoke about was his daughter. He really loved her :-) John-e-bob

“ I worked with Randy for a few years and I will say that besides being a kind and caring individual that he was great at his job and was very good at teaching others what he knew. I still have a few items that he made with his own two hands that he gave me once he retired. I have work skills in me now that I will have till I pass all because of Mr. Fields. He will be missed.
