“*Mrs Scott and Family, Mark was a very unique and caring man, in all the years I have worked, I have never met a man with such a special way of dealing with people. His patients loved him, and after he left the hospital, they still continued to ask where he was. Had it not been for his illness, I'm sure he would have been able to complete his schooling and gone on to become a successful licensed nurse. I am very sorry for your loss.*
