“ These are three pictures I took of Marlin when we were stationed in Rothwesten, Germany. We were stationed on an old "Fliegerhorst", a German Luftwaffe base. One of the photos shows Marlin pointing to strafing damage still visible in the large doors of what was our motor pool, where Marlin worked. He was a great friend to me.

“ Nancy, I was with Marlin for a couple of years in Rothwesten, Germany. We were good friends there. I last spoke with him around 1995 or so. I only found out about his passing today July 17, 2022. Please accept my belated but sincere condolences.

“ Nancy and Stacy, My sympathies are with the two of you. I always remember coming and visiting at your home with my family and having a wonderful time. It was nice to see what a great friend Marlin was to my father, Richard Edmonds, and how our two families shared so much.

“ Nancy and Stacy, I never know what to say at times like these except that you have our deepest sympathies. I will always remember the times that Marlin and I would go fishing down at the White River. I never really expressed to him how much that meant to me, but it did mean a lot. He was a good man.
