“ I knew Marshia since before high school. She had the best sense of humor...always fun and a joy to be with. I'll never forget the first time her Mom made us Chocolate Pies! Knew I'd always love that family. lol I know her family will always have a hole when you get together without her. She was one-in-a-million. Karen

“ Thanks for your sweet heart and your caring attitude. I think back over the 20 years I have known both you and Ethel and I smile at all the laughter, great talks and good times we've had. I know you and Ethel are up to something right now in the heavenlies and I look forward to the day I will see you both again. May the Lord bless and comfort all the ones you have left behind. It was way too soon for both of you! With Love, Martha Dwigans

“ You will be sadly missed by all of us who consider us as brothers and sisters. This family has been through a lot of tragedy but we all stood by each other who accepted that support. I'm so sorry that your wishes have not been granted as you requested. I was so happy for you when you finally found happiness and peace with that special person Doug Miller. You could hear the excitement in your voice when we spoke on the phone. I would like to make a addendum to the article in the paper there was 2 more sibblings who was rudely missed Priscilla Lee Joslin-Boone and Chris Watson. We all were "special" to Marshia Gail. Gail would comment when we were together at gatherings "that she was in the land of giants". You never labeled any of us as "step" kids. This is why we are a unique and fun loving family who support each other through these tough times. Let everyone know we miss them all and one day we will all be together again.
