“ *I would like to correct the fact that as I was under stress it has been brought to my attention that I forgot to list the names of the grandchildren. So I will correct that now. Cindy's daughters Michelle and her 3 daughters and Jana. My children Jeffery wife TaShonna, Tony wife Kammy, Rachel husband Tony Shanks and Christopher and stepdaughter Andrea. There were 6 grandchildren and 6 step grandchildren and 2 great great grandchildren. Mother was the last of 11 children. There are still nieces and nephews but I truly do not know how many. To those who I forgot to mention it was not intentional and there was no malice intended. I was under a great deal of stress as I had never dealt with anything like this before. Please forgive me.*

“ *Loosing you is one of the hardest things to ever happen to me. How do I say thank you for all the wonderful years you were my mom? You saw me take my first breath. I am sorry I didn't get there in time to be with you when you took your last. We had our ups and downs, but you were the best. Thank you for all you taught me. From sewing to crocheting to living. You and daddy always made sure we had the best Christmases. No matter how broke we were. We had alot of good times together. Remember when we went to EXPO 67. That was a trip. I am glad you got to live with us those last few years. I am sorry Covid stole a year out of our life. I never in my youth thought things would turn out like they did. But I will always have my memories and you will always look like you do in this picture. I will always see us out on the farm enjoying life. It was a good life. You were the most beautiful woman I ever knew. Remember the year you got the reel to reel tape recorder and recorded Christmas. That was a hoot. Remember all the blizzards we faced out in the country and how you and Daddy always kept us safe. And how Paul would take us for a ride to where ever. You and Daddy and Cindy and Paul made great memories for me and I thank you for everything. You now know all the mysteries of the universe. I bet there was a great coming together over the Rainbow Bridge when you got there. Till we meet again know I love and miss you with every breath I take. Thank you for giving me life and staying by me for 68 years of my life. Drop by when ever you can. I will be waiting. Love you and miss you so much. You will always be Katy to me.*

“Katy was truly an interesting and in her very own way an amazing woman that I had the pleasure of calling mom. I will miss you. Your knowledge was priceless and helpful. I’m also very thankful for your help with raising Andrea. It was a journey to say the least. Your enthusiasm and love for animals was so very compassionate. You had wit that was unparalleled and not all got to see or understand it. Our house hasn’t been the same without you. I am thankful that we got to share our lives together in this world and I am sure that Little Max, and Ruff, an Max, an Rocky, Pepe, and Chico were there to receive you as they always did in this world!!! It’s not good bye it’s I’ll see you later. Love you Mom.
