

## Michael Eugene Corbin

February 13, 1961 - January 26, 2025

Michael Eugene Corbin, 63, of Anderson, IN, passed away on January 26, 2025.

Born on February 13, 1961, in Anderson, Indiana, Michael was a lifelong resident of the community he cherished. He graduated from Anderson High School in 1979 and furthered his education at the Anderson Vocational Technical School, where he studied electrical sciences. Michael's dedication to his work was evident in his 30+ years as a Service Technician at H & H Appliances, where he earned a reputation for his expertise and reliability.

Michael loved music from a young age. As a teenager, he began taking guitar lessons and developed into a talented musician. As an adult, he enjoyed playing with a group of friends at family events and fairs, performing in the bands Revolver and Remote.

A valued member of the local amateur radio community, Michael held the call sign KC9LWK. He had a deep passion for gardening, taking great joy in cooking meals with the fruits of his labor. Restoring cast iron cookware was another hobby he pursued with meticulous care and attention, as he did with all of his interests.

Michael is survived by his loving daughter, Kara Corbin; his former wife,

Beverly Corbin; and his sister, Kathryn (Frank Hughes) Corbin. He was preceded in death by his parents, Gracie Ella and Harold Eugene Corbin.

A Celebration of Life will be held at a later date. Michael will be greatly missed, and his memory will live on in the hearts of all who knew him.

Memorial contributions may be made to Operation Love Ministries to help others in the community. [operationloveministries.org](http://operationloveministries.org)

“ I didn't know Michael but had the pleasure of taking several classes taught by his father at Ivy Tech through the Delco-Remy job bank. His dad was always nice and had a lot of patience. I had the pleasure of meeting his mother as well, and she was a special lady. The Corbin family have my deepest condolences.

WM

Thanks for the pics. Mike and I had been friends since grade school. We used to play guitar - Mike taught me quite a bit when I first picked it up. We spent a lot of time in the 80s playing guitar. We shared a lot of hobbies as well, from electronics to ham radio, computers (got me into Linux but not near the level he was) and guitar. Mike was my go to info source for a lot of years! He was extremely proud of his daughter. He would call every few months and we would catch up. I knew something was up when I did not hear from him in June and here I am. I'm very sorry for your loss and also the loss of a good friend. This one will take a while to get over.
