“ What a great person to have known. What a great supervisor. What a great caring person. He was a nut at times but it made for a great work day. I am glad to say that I got to share with him those work days at Light & Power. The best one was going to the wood store in Indianapolis to get some supplies for myself. He asked that I pick up this tool for him.. which I did. Three or so days later he asked me when I was going back. I said I didn't think I would be going back for awhile. He had used the tool once and wanted me to return it and get his money back. I did just that. I have a lot of happy memories of Mick. My thoughts and prayers are with Jackie and the family.
