“ I will always call Bart 'my friend's. Even though it seems like we barely got to know each other. We only got to work with him for a year, and he fit-in so well that it seemed like he had worked here for a decade. I can speak for all of us at Oakville to say that we loved his sense of humor, and his stories. I feel like I would of had a long term relationship with Bart, as a friend & sometimes a mentor. He will be missed & remembered for a long time by his 'Oakville family'. Thoughts & prayers, Matt Hillman

Bart was always a part of my life, a brother from another mother, although we did once on a date once. Loved him as a brother, as with lives sometimes they don't speak or even think of them until a memory or his wonderful sister of his who has been my best friend for 40+ yrs., gets a call from him which happened often. Or I would see him yard saleing with his wife. I wish you a paradise in your rest.

You were the best uncle ever for the past 25 years. I know I was only 9 or 10 when you came into our lives, but I don't remember life without you. I will miss your silliness, your hilarious stories or comments, but most of all, I'll miss the love you had for your Great nephew, Easton. He loved you so much. Now you're his guardian angel. Please watch over all of us. We will miss you forever Bart.
