“ I am very sorry for your loss. I would like to have been there to be with you and to see those boys. I have many memories of your mother and places that we went together, also picking her up and ferrying her to church. I have had a stroke and now am high maintenance for Carol. So you take care my friend and if there is anything I could do for you please call. I still have one hand and a shaky voice that I can talk with. May God be with you at this time.
