“ Alida & Shannon, I am deeply sorry for your loss but like my situation with mom I know how much you loved her & couldn't stand to see her suffer. I know after speaking with Alida that she was comforted when she saw who came for her. She was much to young to pass but we all know that she is the lucky one now. I hope both of you will have much peace in your hearts & know you still have each other & of course you have me if you need anything or just to talk. Alida has been my shoulder to cry on since my mom's death & I will certainly be here for either one of you. Even though we don't feel like their work here on Earth is done, it must be or God would not have taken them. He had bigger plans for them. I know how you will miss her though & will still have many tears. Believe me I know so please call me with anything. I love you guys!! Fly high Pat & be free!! Kiss & hug my mom!! Love, Stacy p.s Tristan has been thinking a lot about your p-nut butter & jelly sandwich lunches out on the table in the swing set. Annie is still appreciative for her Tetris game & gameboy holder. She said she couldn't believe you gave that to her.

“ *Joey & Shannon, my heart goes out to you because Patty's passing will leave a great void. But realizing that she is now in the presence of God and is no longer suffering should be a great comfort to you. Patty was one of the most giving people I ever knew. She truly had the heart of a servant. She will be greatly missed. Just know that I love all of you so much. Uncle Jim*
