“ I met Paul when I was 18 years old. The first thing that attracted him to me was his beautiful smile and the twinkling eyes. I was one of those unstable teenagers trying to survive the 70\'s. Paul was always there for me, to make me laugh, talk his leg off and to lended a shoulder to cry on. Paul worked at A&K at the time and took me with him on a run to Chicago, my first and last semi ride,it was very fun adventurous and somewhat naughty because I was scaried that people would think I was one of those women that chase semi drivers. But Paul was my big teddy bear! I don\'t remember why we both quit seeing each other but I think we drifted apart,mainly because I was so unsettled with myself. But I loved Paul , he was always so kind, understanding, considerate, polite and loveable. I wish that I could of been in contact with him before he left to go to heaven. He never made me cry until the day he went to heaven. I have so many fond memories of him and now it hurts to think that I will never see him again. My deepest sympathy to Pauls family and friends because everyone has lost a unique guy! Paul I hope that you knew that I have always loved you and still do as much in my heart as on earth. Now I am enivous because I know that all the angels are with a very special guy!
