“ My dearest friend, it's been almost 10 years and I'm still not ready to say goodbye, it most definitely doesn't seem real, there's not been a day that I don't think of you or cherish our memories. I still wake up and hope it's all been a dream, you were my dad to me. I'm very blessed that you touched my life, not very many little girls get a outstanding grandfather. you could make the world stop for just a moment, could turn any frown around with a song and a snow cone, you made everything better. You taught me so much. And I know when I'm feeling down your presence is around, I'll see your purple and yellow flowers, I'll hear your favorite songs and I know that everything is going to be alright, you the man papaw and I'm just the water boy, rest easy and peacefully my beloved papaw, you will always be missed.

“ Abe, Sorry for the loss of your father. You lived down the alley from my brother Mark and I in Park Place in Anderson. Have not seen or heard of you for at least 25 years or so, but ran across the obituary on the internet. Again, so sorry for your loss and my thoughts and prayers are with you and your family. Sincerely, John Richardson

“ I met "Spider" at the VFW with my father during Veterans Day four years ago and although I did not have the time with him that most did; it was hard not to notice his immense heart and sincerity. I very much admire him what he did for his country but, more for who he was. In the few times that we met and spoke since that day, his life and his depiction of it, will have a sustained and profound impression on me. The world will truly be a lesser place without him. God speed Paul, God speed...

“ Paul and I enjoyed a caring friendship which lasted thirty-four years. His quick smile and infectious laughter will truly be missed. We had many long talks about his relationship with God -- the Big Bossman -- as he referred to Him. Comfort and blessings to your family.

“ Dear Paul,

I know some how you hear these words I am typing/saying through tears. No one has ever touched my life the way did. You are and always will be the most caring, loving, special person that I have ever crossed paths with. The time we spent together was some of the best days of my life. You taught me to love myself. You made me feel special and talented. You helped to make me the person I am today. I am so grateful to our dear friend Bob; because of him we were able to have one last amazing converstation that I will treasure forever. I can't be there for your final goodbye. I won't say goodbye. I will see you on the other side. And together, my special friend, we will make beautiful music together like we us to. I love you. In so many ways, I love you. May the force be with you, Your Little Camper, Kathy
