“ Prayers and thoughts are with the family. I have such great memories working with Phyllis thru her 26 years at MGH. Lunchtime was such a great time with Phyllis, Norma Jean, Ginger and I. We had great discussions about everything and if we couldn't solve it; no one could - ha, ha. What great work ethic she instilled in us that could be used in all phases or our lives. With love and sincere sympathy - Becki Miller

“ My sympathy to Phyllis' family. I remember the first time I met Phyllis, she hired me at Marion General Hospital in 1973. I worked with her up until she retired. She gave me my career path and I will always remember her for that. She was a firm but fair boss and she had a big influence on all of us in Medical Records. We all certainly missed her after she retired. Again, my condolences to the family.

“ Deepest sympathy and all my love! Will never forget Aunt Phyllis. She would do anything for you. Loved that summer I rode to work at Marion General with her. She always had me laughing at stories about how they grew up in Mays. Wish I could be there!!!!
