“ *Becky She was a special person in so many ways. One was as a neighbor, where she wore the hat of raising two children to the best of her ability. She keep her house up inside and out. Working very hard to keep things going. The other hat she wore was a friend. In all my days that she lived by us I never seen her with nothing but a smile on her face. Oh there was once when she came home to find a large amount of tree limbs piled up at her doors. Don't know who would do such a thing. She got even with a 5 gallon bucket of water when I fell asleep in a lawn chair. She will always be remember by us as a very special friend.*
