“ I have so many memories with Becky from when I was a kid. I remember going over to her house for visits and swimming in her pool. I did not have a lot of chances to spend time with her over the past few years and she will be greatly missed. I know that this will be a hard time for Mindy, my mom (Vicky) and my grandma (Mildred) and I want them to know that I am here for all of them. Rest In Peace Becky.

“ I don't think I have enough words to say all that I'm feeling with the loss of my sister. I'm so thankful for our last talk together on Thursday. She said Deb, I would love to go someplace. Little did I know that she would go someplace a couple of days later. She went to be with Jesus. We had talked before about how wonderful it would be, it would be so much more than we could ever imagine. Now she knows. She loved to tell me the things her "Little Buddy" (grandson) did or said. She would laugh and it did my heart good to hear that laugh of hers. That little boy brought so much joy to her life. She never failed to ask me to pray for her whenever we talked and she always told me she loved me and missed me so much. She's greatly missed. But one day we will be together again. Her life is not over, she just moved to heaven.

“ *What can I say about my older sister. It's been said already but so true, she always had an ear to listen to you. One of my favorite memories was when we were very little and shared a bedroom. I still believed in Santa and she didn't. In the night my mom came sneaking in our room to get some presents out of the closet from Santa. I told Becky what is that noise. She shushed me and said it's Santa and you better go to sleep. Believe I fell asleep faster than ever. She always had an ear to listen when nursing school was rough. Was one of my biggest supporters. Becky always seemed to make people smile and laugh. Everyone can agree to that.*

It's difficult to write down all she means to me. I'm going to miss her so much. Even when she felt so bad she would listen and always smiled. We would talk as we grew older about Heaven a lot. My last several texts from her was sis I love you. Please pray for me. I'm still praying but now for her daughter Mindy, son in law Mike and especially her little buddy, Aiden. They will be heartbroken for some time. But if our hearts are right with God it's not goodbye, but I'll see you in Heaven.

“ *The facets of life.*

We all go through periods of our life our that our family can associate with, Becky Hawkins was known as a daughter, sister, mother, grandmother, and lastly a fabulous cousin.

For me, the story is about the dear cousin who always brought sunlight. As a child, Becky would looked after me, as I would spend time with her on many weekends in my teenage years. This formative time together I will never forget as she helped to teach me caring, life, and laughter.

I hope some of my humor today comes from Becky, who I thought invented humor back in the day. I remember having many talks with my cousin, and she was just Becky, an open ear for all. It has been a few years since then, but I will truly miss my dear cousin. Rest in peace my dear cousin.
