“ I went to grade school with 'Mike'. I remember him as a 'cute', nice boy. I really liked him. I worked at Delco also and ran into him once in the 60's. That was the last time I saw him. It is so sad we live in the same town and never run into each other. I noticed there is a minister doing his service. Did he get saved? I am no longer a catholic, thank the Lord. I was saved in 1990. I am very sorry you have lost him at such a young age.

“*Rachael & Ken: Know that my thoughts and prayers are with you in this time of loss. There is nothing that I can say or do that will lighten the loss for you or your family but know that your loss is felt deep in my heart. I am a better person because Mike was a part of my life and brought me many happy times and lots of laughter. He lived every day to the fullest and cared deeply for you and your family. Even though we have never met I know all about you and his grand children. Pictures were always on the walls of the shop and if they weren't current enough his wallet was full of the newest and finest. He was very proud of you and the person you have become never doubt that. Mike had a way of making you laugh every day which means he brought happiness to someone everyday of his life. I remember being in the beauty shop, next door to his shop, and he took people off the street and brought them in telling them that if they thought I looked bad now they should have seen me when I walked in. He went as far as to get his camera and take pictures of this event. You never knew what to expect from him. I take that back you always knew what to expect and that is he was always there for you and always brought you "up" even if you were "down". Mike cared about people and didn't just talk about caring but acted on that feeling. He was a great friend and we all are much better persons for having had him in our lives. All my thoughts of Mike over the last few days have all been happy memories that I will cherish forever. Those happy memories will help me get through these hard times. Your father was a very special person. I will miss him but will always have a special place in my heart that belongs only to him. I will pray for you and your family to find the strength needed to get through these hard times. Linda and Greg*

“ We were very sorry to hear of Mike\'s passing. We still remember when he and Kenny lived next door to us in Woodsliff and he would share plants and landscaping advice with us. We enjoyed getting to know him and to have the opportunity to have him for a neighbor. May God grant you all peace and comfort at this time of loss.

“ Rachel, I was so sorry to hear that you lost your father. He was so young. I know losing a parent leaves a big hole in our world. It doesn't matter how old they are or how old we are. Take care, you have a lot going for you and I am sure you have plenty to keep you busy. I will keep you in my prayers. A funny thing, I think I may have gone to school with your dad. I know there were 2 or 3 Hexamer families and I do remember a Mike and a Bill. Sincerely, Patti Fox
