“ Jerry just called me about Bob. Although I have been gone from Anderson many years, Bob always had a warm place in my heart. He was just so special. When I was a kid he let me hang around and I learned so much from him. He was always ready to jump in to help with my latest science project whether it was chemistry, astronomy or radio. I am at a loss as I know you Dorothy and your family must be. Sorry I could not be at the services. John and Sandy Gray
