“ *I have known Bob and the McCurry family since I was a young boy, our families grew up together, we would go camping during the summers and fall for many years. I remember Bob teaching me the skills of hunting deer when I was young but I never got lucky enough to harvest one till after I had grown and was married, but Bob was there with me in the woods when I harvested my first deer 1994 he showed me what I needed to do next and helped me drag him out. Boy we we're cursing every pull trying to get this deer out, but we made it and celebrated with a cold beverage. For 20 plus years I have been blessed having Bob and my father join us on the annual hunting trip with our group of friends and this was the place where we all enjoyed each other's company, we laughed at each other's stories around the campfire, played cards and made real life friendships, but truthfully their all family. I will miss you Bob McCurry and I look forward to seeing you again! God has blessed us with knowing you!*

Our thoughts and prayers go out to the family during this time of loss.
