“ My dear dad will be missed so much he loved to make everyone laugh. He loved to give real life advice to everyone he ran acrossed even the nurses, how not to walk alone and to walk in groups of 3. My dad had the biggest heart and a laugh so big, I know he is at peace and still doesn't make it easier. He taught me how to be independent, hard working, and how to love my kids. He loved mushroom hunting, playing euchre, and family get togethers. He Loved pie and his chili and his deviled eggs. He loved watching all of us and watching his grandkids & great grandchildren learn and grow. Thank you for being the best dad ever! Going to miss you like crazy and till I see you again dad.

Uncle Roger was an amazing man. Even though him and Aunt Terrie have been divorced for many years he was still Uncle Roger to me and he never treated me any different after their divorce. I love you Uncle Roger and will miss you calling me Poo Poo even though you all know how much I hated it. RIH and give all my loved ones a huge hug for me. Until me meet again.

Roger loved his family and was so proud of his children and grandchildren. He loved going mushroom hunting with his brothers and sisters in the spring in Kentucky. And spending time with his mom. He loved a good joke. Back in his younger day he pushed me down a hill in Ingalls, watching me trying to stay upright on my feet. He brought that up many times especially when we had family get togethers. And was still laughing about it. Roger may you be at piece and looking down on all of us. You will truly be in our hearts and in our memories.
