CK

“ Dale was my senior chaplain in 1983 at the then National Naval Medical Center Bethesda. He was an excellent leader and shipmate. We had a super department that performed under Dale's competent, empathic direction an enormous amount of good for thousands of patients, their family members and staff. I came on board as a reservist with a congregation about a seven minute drive from the hospital. Dale embraced my part time presence and utilized me unhesitatingly. I often served as the Duty Chaplain for the entire hospital when one of the active duty chaplains was ill or away. One of the Chaplain Corps seminarians who trained on Dale's watch at Bethesda decades later became the first female Navy Chief of Chaplains, Rear Admiral Margaet Kibben. She was an ensign in 1983. Bravo Zulu Dale and God speed!
