“ Paul was always such a kind person. I was priviledged to help him with some of his health issues years ago when he was sent home to die, given only 30 days or less to live. That was about 15 years ago! He always told me that he wouldn't be alive if it weren't for my help. Paul was like a very close family member, always giving me good, sound advice and showing gratitude and kindness. Paul & June were a lovely couple and VERY good friends. Paul will be sadly missed;however, there are so many lovely memories of Paul. I will never forget him as he touched my life in so many ways. Good bye Paul! God bless you.

“ Paul has always been so sweet! He was a darling little patient as I helped care for him his last few days. He was always grateful for each small act of kindness.In fact the last words he whispered were "thank you" after his last dose of medicine. He was ever eager for hugs & kisses....he loved people & was so kind and caring. I am so grateful Paul & June had each other! They had an opportunity to make some beautiful memories together and with the family. I have heard so many stories of the wonderful trips...not many folks get the chance to go so many places with their husband & best friend. Paul's character...the kindest, sweetest, most gentle man I have ever known.....has touched my life & I know I shall never be the same after knowing both him & June.

“ Paul will be greatly missed. I wish I could be there with everyone for the visitation and service. Paul was the closest thing that I had to a grandfather. Both of my biological grandfathers passed away when I was very young but I am grateful to have had Paul in my life. He was truly a kind and gentle soul. I am blessed to have had Paul in my life.
