“ My favorite memory of Sherry is when in high school with Susie, we would go to the house every day. And like a second mother she would make sure I would stay out of trouble which would never work. We would get in trouble all the time. She would scold me just like my own mother. Even though we lost touch over the years we would always find a way back at one time or another. God would make sure of that. She always held a special place in my heart and always will. She is with god and he will take care of her now. All my thoughts and prayers go to the family. May your hearts be filled with the loving memories that Sherry gave us all.
