“ Shirley's passing was such a shock. I knew the cancer and chemotherapy had taken it's toll on her because we had discussed it. I told her the best way to face it was to take one day at a time. I know that cancer can strike anyone anytime and I know first hand how hard it is to just get out of bed each day not knowing what the day holds. She will be sadly missed. She had groomed our dogs for years and the last time I saw her, we were discussing how long it takes your hair to grow back after chemotherapy. My sympathy and prayers go out to you.

“ Wanted to extend our deepest sympathy to her family. Shirley was always so very kind to our dog, Maddie, and we could tell that she truly cared for her and all her dogs. I was really touched when she sent us a card when we had to have Maddie put down.
