“ I love and miss you Dad. You are forever in my heart and memories. No one can take them away from me. I wish you were still here. I still catch myself reaching for the phone to call you every couple of days. Something happens and I think "oh I need to call dad and check up on him." Then I remember and it makes me sad, but I'm okay. I know one day I'll see you again. This is not goodbye it's see you later. R.I.P
