“ Aunt Dorothy wanted to share this special memory with the family:
"I remember being in a store and hearing the voice of a young woman assisting an elderly woman choose her purchases. I listened as the young woman's voice was so kind and patient. I recall being so impressed at the sweet, gentle spirit of this young woman who had no idea anyone was listening. A few minutes later the same young woman approached me and asked, "Do you remember me?" She explained that she was Stevie and it had been quite some time since we had seen one another. I felt privileged to have witnessed the earlier encounter, and I felt proud and thankful for such a fine young woman and her compassionate heart. I told her that I had heard her, and that I hoped someday, if I should need some help, that she would be the one who could help me as well. Her actions and words left a lasting impression on me. Much love and prayers being sent to the entire family during this difficult time of loss."

“ I will miss you so much. We have been through so much together. I remember being snowed in at your dad's house for a few days and we made up a dance to an Nsync song. You have been a part of my life for 24 years, I can't imagine life without you in it. I will hold you close to my heart forever. I love you.
