“ Today I looked into the sky and it was beautiful. I then realized it's because you are there. You fly with the angels now but part of you will always be with me I fake a smile,hide a tear,and shut my ears to what i don't want to hear,but inside I'm really frowning,shedding a tear,and wishing that you were here. your Death leaves a heart ache no one can heal. Your Love leaves a memory no one can steal....I love you daddy. Love,Your baby girl!

“ I am so sorry to here about Terry's passing. I worked with him at KIPT for 3 years in the lab. He was really a nice guy who would do anything to help you out. I had been thinking about him recently because about this time of year he always brought in peanut butter fudge that was the best I ever had. I am sure he will be greatly missed by his family and friends. Please accept my condolences.
