“ You woke me up almost every day just to say hi or tell me something funny or interesting you had just watched. You were such an amazing person. You were always in good spirits even when your back was hurting or your anxiety was bothering you. I miss you laying on my bed next to me just to see my reaction to the tv series you wanted me to watch (Invincible, Cobra Kai, Flash). Then I would have to wake you up cuz you would usually fall asleep. I miss your voice, your laugh, your snoring, your hugs, your "I love you mom" s. I miss you Tristan and I'm so completely confused why you're still not here. I love you my sweet boy. You took my heart with you when you left me.
