“ Chris, Don't know if you remember working with me in the main OR at ST J's back in the early 90s. I just wanted you to know that my heart breaks for you and the rest of Troy's family and close friends. My thoughts and prayers are with you all in this sad time. I know that even when you know in your heart and mind that death is coming, you can never be completely prepared, especially when it's your own child. Lean on each other and remember the good times.
