“ I’m Truman’s grandson, Sean Hellems. I was thinking of him and decided to “Google” his name. I remember Papaw as a loving, hard-worker (but relaxed), man, that sometimes resembled a Cherokee Indian chief or an old timey country-western guitar/singer. I hugged him, handshaked, cheek-kissed and even high-fived by this man! Loved him as a child, love him in memory even more as an adult. Love u papaw!
