“ I worked with Vickie for many years at American Community and have many wonderful memories of her. She always talked about her son John and how proud she was of him, and about how much she loved sailing. Every time I see a sailboat I think of Vickie. She was a lot of fun to be around; she once showed me she could juggle, she got me to try raw oysters once, we loved talking football especially Peyton Manning when he was still a Colt, and we both liked our Tanqueray and tonics. I was lucky to call her a friend and will really miss her.

“ Sometimes a person gives you definition. As high school teenagers, Vickie was my definition of fun, spontaneous, and kindness. To this day if I’m asked to define these words, Vickie comes to my mind, on a bright sunny day in June, in a green field, smiling, and happy to see me. What a blessing and cherished memory and more, a piece of her that lives within me.

“ How do people lose touch over the years? Although it happened with us time does not dim the memory of all our adventures! You have a special place in my heart and will be dearly missed!
