“ My mother, Irene Webb, worked for many years with Mrs. Loftus. When my mother was in St. John's in her final weeks, Mrs. Loftus had her moved close to the nurses station and instructed those on duty to take special care of her. I will never forget her and her kindness. Her family is in my prayers.

“ RIP Loftus, you will be missed in the nursing community and will always be remembered as 'one of a kind!' I admired your status from my early days at St. John's, as a junior volunteer. I am out of the country at this time and will not be able to attend visitation/funeral..know that your family and friends are in my thoughts and prayers. RIP Loftus.

“ *Mark and Christine, Sorry to see the passing of your mother and mother in law. Phil was her patient many times and he loved the care she gave. Having been employed at St. John's during her time there, I experienced her true committment to nursing and her friendship. Our thoughts to both of you thru this difficult time. “ *My thoughts and prayers are with Susan and Mark. Mrs. Loftus she will always be Mrs. Loftus to me was a wonderful example of strength and dedication. I am happy to have seen her one last time when I visited Anderson in October. I have many warm memories of weekends spent out on Ridge Road in the 50s. I wish I could be there for the service, but I will be with you all in spirit. May God take care of her now!*

“ *Mrs. Loftus was one of the best mentors I was honored to work for as I began my career at Saint John's. She truly cared for the patients we served and carried out the mission of SJHS with pride. Prayers are with family and friends as we say goodbye to one of God's great nurses.*
