*This may not ever get to the family but i moved to huntsville in 84 with a very young child not quite a year old and your father be friended me i went to use the phone one day i was frightened because i was alone by myself he comforted me watched over me and when my son turned one we invited him to the birthday of our son who turned one at the time he was so warm and welcoming and just showered our child with love very appreciative of all he done for me a?stranger. He always left the back light on for me as it shined on my very front door i just wanted to say he was VERY VERY SPECIAL TO ME. Years later i moved to texas for ten years moved back home to my surprise he was still living in the same house it was so nice to see him and show him the son that turned twelve and had to brothers i loved your dad what a loyal friend.
