“ *The thing I will always remember about Butch is his willingness to be helpful. I knew him through judo and whenever I was being thrown around, he would offer a few throws that would have helped me throw someone . . . only if I had been good enough! Another thing that I will always remember about Butch is that he was a black belt in judo, yet he never competed. I love that fact!*

“ *When Brenda called to tell me of Butch's passing, so many memories came to mind, playing cards at their home, trip to Mammoth Caves, all the help & advice they gave me over the years, hog roast, and many more. My kids were their first foster kids & Butch & Brenda not only helped the kids they took in, they tried to help the parents they thought had a chance. At first I didn't like some of Butch's advice, but slowly seen where he was trying to help me also & started listening to him & Brenda. When I told my kids of Butch's passing, my son said "Mom, I don't have any living Dads now" and my daughter said "Now I don't have a Dad to walk me down the aisle if I ever get married" although their biological father is still living they never consider him a dad, just a sperm donor. Their other dad was their Step-dad George. Now Butch & George can enjoy fishing together in Heaven. Butch will be missed by all who knew him, in that I have no doubt. Brenda, I'm here if you need me any time day or night.*

“ I am proud to say I knew Butch. He was a proud man who was always kind, just and fair to everyone. He loved a good joke, and some really bad ones too that never seemed to get old to him. I appreciate and still use some of the advice and guidance he offered to me in my youth. Butch has a place in so many of my childhood and teenage memories. Though it's been several years since I shook his hand or spoke with him, news of his passing left me with a great emotional void. He will be missed, but he will also be remembered. I send my condolences and a wish of spiritual strength to Brenda, John, and Carol.

“ I always looked forward to Butch bringing Amanda to class. He always had a positive attitude and was a joy to be around. He always had a good word to say about people and always looked for the optimistic side of things. It was an honor that he trusted us with coaching his Granddaughter because both he and his father were capable of doing it but he allowed us the privilege. Butch will be sadly missed and we were lucky to have known him.

“ Arigatou gozaimasu Thank you very much As many of you know, Judan Judo was the recipient of Butch Buell memorials. We will use these funds to continue our scholarship programs. Butch felt that Judo was a great sport and that all kids need to have the opportunity to try it. Our scholarship gives lots of kids this chance. For all of his generosity, his standard answer would be "it is for the kids". Butch Buell's impact is more than the kids, but everything that this club stands for! He will be greatly missed!

“ When Butch would take Amanda to judo he was always impressed on how much i had improved. He showed me how to do different grips and he also showed me how to get out of chokes. I will always remeber Butch. Betsi

“ Butch Buell Thanks for all that has been done for Judan Judo. Butch was such a part of the club, and thank you for making it a part of your life! He was such a inspiration to the parents who were uncertain of our classes. By putting them at ease, that their children were in a great program. Many times he took the time to mentor the kids that needed the extra attention. Each week when Butch brought his granddaughter to practice, the kids would see him and not say "Hi" but, "Amanda is here". We truly appreciate the dedication to driving each way 1 hour, sitting through practice 2 hours, feeding Amanda and watching her become a National Winner this past summer.He would say "what ever Amanda wanted" She will miss this great support, and what big shoes we all have to fill.

“ Brenda, John, Amanda and family, on behalf of Indiana Judo Inc. I want to extend our deepest condolences for your lost. You are in our thoughts and prayers. On a more personal note, there was not a tournament that Butch and I did not stop and have a few enjoyable minutes of conversation about Amanda, John, and his true interest in my Club. I will always appreciate that and always remember Butch as not only a good man but a gentleman.

“ I really enjoyed Butch. I really only knew him through judo, but that is a lifetime journey many of us take together. I felt he was a big part of the team at Madison County Judo Club. He always showed up with Amanda, Tim, and Laura. They all had a good time together, Butch always had a great smile and laugh. It did not take much for him to smile about something, I always appreciated that about him. Life is so short to spend it in a bad mood. He knew that and taught me that as well through his every day behavior. Butch also opened up his Dojo to anyone who wanted to come and practice. When we ran out of funds to keep up in the church, he invited us to his Dojo to train the kids for Nationals. He was always inviting and friendly. I will miss Butch, even though I have had to step out of judo for awhile. His laughter always brightened my day. Many Blessings to your family Butch. Tammy Sorg

“ Butch, sorry I didn't make it on Thursday in person, but I was there in mind, I will always remember the old days when we lived in Greenbriar and I was a motorcycle cop back in the late 60's, I was coming home from duty one day, you were in the backyard casting your fishing pole and ended up hooking my police cycle, I always said that was the biggest catch you ever made, other than Brenda of course, she was the best, you were/are a lucky man. You'll be missed. Rest in piece, tell mom hello for me. Your Pal Bud

He was like her sidekick and friend. It makes me smile to think of the warm relationship that they had and will have forever. I will miss seeing them together and will miss you Butch

“ We have had lots of fun and a lot of good memories. Not even in death can the memories be taken away. We will always hold each little memory dear and we will make sure that we live life to the fullest. We will all miss Butch's wit and humor. He was special to a lot of people and I am very glad that he was my friend. May God keep him until we all meet again. And hopefully he will still be up there dancing.

“ We will sure miss him, he will always be in our thoughts. There are so many good memories and none will be forgotten. I think the best will be all of the great big pumpkins and all of the good fishing at your house. All of the good times at all of the halloween parties and the hog roasts. All of the times at the race track. Just so many, that I could be here all night writing. Most always, with a wonderful time with family and good, close friends. Remember, you are in our thoughts and our prayers. We Love and Miss you very much.

“ *Butch was a hoot! He was always laughing and joking around, and made everyone feel welcome every time we came out. I'll always remember when we were fishing, and Butch would come out by the pond and we'd talk and have a good time. He brought fun and laughter where ever he went, and I know Heaven is even more wonderful with him there. May God comfort you Brenda, love and prayers.*

“ I will always admire Butch for his willingness to help others. He contributed, in a positive and supportive way. Without people like Butch and his family, the "grass roots" of judo would wither. By example, he showed others that everyone has the potential and ability to contribute, each in their own way. There are many people, young and old, whose lives are richer for having known him. I am but one.

“ Butch is a person that I will never forget. He never met a stranger! He and Brenda welcomed me and my kids immediately, without hesitation. he always had a smile or a joke to tell if I was down. he always added "it could be worse." He wanted everyone to live life to its fullest, and that is how I will remember him, because that is EXACTLY what he did. I believe that while he is up there in heaven, he still will never meet a stranger and is probably playing his song.... Thank you Butch for being my friend, I will miss you.
